

NEW ADDITION TO SEA-STORY CENTRAL

Our Fleet Review traditionally hosts a hospitality suite every year. Tables, chairs, good cold beer and soft drinks, plenty of picture boards of ships and ports of call have been enjoyed.

This year will see an additional treat. Ten of the Squadrons/Signals publications, which include myriad photos, dimensions and details have been acquired for your reading pleasure:

1. U.S. Battleships – Part 1: pre WWII
2. U.S. Battleships – Part 2: WWII Built
3. U.S. Aircraft Carriers 1 (CV-1) thru (CV-8)
4. Essex-Class Carriers (C-9) thru (CV-47)
5. On Deck USS Lexington (CV-16)
6. U.S. Heavy Cruisers in Action - Part 1
7. U.S. Heavy Cruisers in Action – Part 2
8. U.S. Light Cruisers in Action
9. U.S.S. Wichita (CA-45)
10. New Orleans-Class Cruisers

These are donated for use by any readers and not to be removed from our Sea-Story Central suite.
